Rainbow's End A Novel by REX BEACH

Branch proved to be a happy choice as Esteban's proxy, for he relieved Norine's anxiety and smothered her apprehensions. When called upon to apprehensions. speak he made a hit by honestly ex-pressing his relief at escaping the further hazards of this war. Prompted by some freakish perversity, and per haps unduly stimutated by the wine he had drunk, he made open confes-sion of his amazing cowardice. O'Reilly interpreted for him and well

riigh every sentence evoked laughter. El Demonio's heroic reputation had preceded him, therefore his unsmiling effort to ridicule himself struck the audience as a new and excruciatingly funny phase of his eccentricity. Enering this blank wall of disheief, Branch waxed more earnest, more convincing; in melancholy cetail be described his arrant timidity, his oringing fear of pain, his abhorrence of blood and steel. His elongated face was genuinely solemn, his voice trembled, his brow grew damp with unpleasant memories; he seemed bent upon clearing his conscience once for all. But he succeeded only in convulsing his hearers. Women giggled, TO CHANCE HOME RUN men wiped tears from their eyes and declared he was a consummate actor and the rarest, the most fantastic humorist they had ever listened to.

They swore that Cuba had lost, in
him, a peerless champion. When he
had finished they cheered him loudly
and the orchestra broke into a rousing

military march. Leslie turned to voice his irritation and surprise to Norine, but she had slipped away, so he glared at O'Reilly, vondering how the latter had so artfully managed to mistranslate his re-

When Rosa and O'Reilly returned to Esteban's cabin they found Norine ahead of them. She was kneeling beside the sick man's hammock, and through the doorway came the low, intimate murmur of their voices. Rosa drew her husband away, whispering,

"He will get well. God and that wonderful girl won't let him die."

Sending them in one direction, he took Leslie and Jacket and rode away in the other. The trio followed the beach for several miles until they came to a vast mangrove swamp which turned them inland. This they skirted until the jungle became impassable and they were in danger of losing themselves; they returned at dusk, having encountered no human being and having discovered neither

being and having discovered neither roads nor horses.

The other expedition reported slightly better success; it had located a small plantation some distance to the east, the owner of which had warned them against exploring farther, inasmuch as a strong Spanish patrol, on the lookout for that American despatch bearer from Nassau, was operating in his neighborhood. It was these very troops, he announced, who had driven the fisherman from his home; he was sure there were no boats anywhere within reach.
